The writer has per- 1917, can pay by adding 2 per cent; formed quite a number of marriage those who prefer paying from March ceremonies since coming to this State, 1st. to March 15th, 1917. can do so a d this important document is very different from the marriage license of North Carolina. For instance the license in this State requires the signatures of the "contracting par- than one township will please inform ties." In North Carolina the "contracting parties" do not sign the license at all, but the law requires by ton, J. R. Sojourner; Beaufort, J. correct the error-if an error there Dr. May be the editor can explain District No. 10............ 1 this. So I will leave it to him. Respectfully,
